

Food contact statement for adhesive S451

Avery Dennison adhesive S451 has been tested by a certified laboratory and has received a certificate of compliance.

S451 complies with European food regulation 1935/2004/EC, with the German Recommendation (BfR) XIV and with FDA § 175.105. It also meets the demands of the limit values laid down in 10/2011/EU.

In accordance with the requirements of relevant EU food regulations, the adhesive S451 has not been approved for direct food contact applications and must be separated from the foodstuffs by a functional barrier.

According to FDA regulations, the adhesive may come into direct contact with dry foodstuffs, or alternatively it must be separated from the foodstuffs by a functional barrier.
