

Food contact statement for adhesive R5100

Avery Dennison adhesive R5100 has been tested by a certified laboratory and has received a certificate of compliance.

R5100 complies with European food regulation 1935/2004/EC, with the German Recommendation (BfR) XXI and FDA § 175.105. It also meets the demands of the limit values laid down in 10/2011/EU.

In accordance with the requirements of relevant EU food regulations, the adhesive R5100 may safely stand in direct contact with dry and moist, non-fatty foodstuffs. Furthermore, the seams (edges) of the label material may safely come into direct contact with all kinds of foodstuffs.

According to FDA regulations, the adhesive may come into direct contact with dry foodstuffs, or alternatively it must be separated from the foodstuffs by a functional barrier.
