

Sensorial Collection

Label design is just one part of a consumer's first impression of a bottle. Communicating brand values properly means going further - how does a label feel? What's the sound when it's touched? Is there perhaps even scent?

The Avery Dennison Sensorial Collection provides designers a broader toolset for creating captivating labels. Different label surfaces can be created using soft touch, textured or patterned papers creating a premium, vintage or artisanal feel. Hand-picked trees used to create wooden labels recall the roots of nature with a delicate scent. Diverse label surfaces can be used to give consumers a subtle message when hearing the sound of a finger moving over the surface. And of course an outstanding visual impact is retained to engage the most dominant of all the senses.

Key Features

- Materials for any premium brand image
- Engage all consumers senses
- Deliver unique sensorial experiences to the customer
- Excellent service and minimum order quantities

Application Areas

- Wine
- Spirits
- Craft beer

Spec#	Product Description
